

HAMMOCK

design DEBONADEMEO STUDIO

HAMMOCK è una poltrona irregolare minimalista e rigorosa ispirata all'amaca. Rievoca la stuoia sospesa posandola su una struttura di metallo che la sorregge, esaltando le geometrie nette della scocca esterna, che entrano in contrasto visivo con le morbidezze della seduta.

HAMMOCK is an irregular armchair, both minimalist and rigorous, inspired by the hammock – the hanging cot – and evokes it in its supporting metal structure that enhances the clear geometries of the frame, which come into visual contrast with the softness of the seat.
